

ST. LOUIS WOMEN BATTLE AGAINST THE TIGHT SKIRT

Members of National Congress
of Mothers Declare Present
Style Is Not Decent.

BAD FOR YOUNG GIRLS.

Only Defender Says Women
Must Endure Foolish Fashion
If They Won't Fight.

(Special to The Evening World.)

ST. LOUIS, July 24.—The thirty-eight St. Louis women, National Congress of Mothers, met in special session yesterday afternoon at the home of Mrs. James G. Nugent, No. 345 Maple avenue, to discuss present-day styles in women's dress. Particular interest was in the tight-fitting skirt, which seems about to come under the official ban of the congress.

Nikola Grevel-Smith's articles in The New York Evening World and a story entitled "Are Tight Skirts Making Girls of To-Day Immodes?" were instrumental in crystallizing sentiment against the too closely fitting garments, Mrs. Nugent said.

"I favor the moderately short and moderately close fitting skirt," said Mrs. Nugent, "because it is convenient, does not collect dirt, as a longer garment would, and is cleaned easily. There is a class of people, however, who carry all such things too far, and we think it is time to act in a preventive way against letting the situation become any worse."

"I believe this subject should be taken up by women's organizations of all kinds. What our congress will do in a remedial way I am not able to say at present. We hope that reasonable plans will be suggested and that we can select from them some scheme of making all women realize the need of abolishing such uncomfortable, immodest and indecent styles as the very tight skirts now so common."

BIG EARRINGS ARE CALLED CHANDELIER.

"For one thing, we may ask the ministers of the city to discuss the subject from the pulpit. The Rev. M. H. Lochter of the Maple Avenue M. E. Church has already denounced the tight-fitting skirt and the enormous earrings, which he described as 'chandeliers.'"

Mrs. F. W. Baumhoff, president of the State Sunshine Society, is in favor of a campaign against tight skirts.

"I hope something can be done to end the present styles," she said. "They are both styles, and it is convenient, does not collect dirt, as a longer garment would, and is cleaned easily. There is a class of people, however, who carry all such things too far, and we think it is time to act in a preventive way against letting the situation become any worse."

Mrs. Dan W. Kneider of No. 523 Waterman avenue, president of the Women's Trade Union League, declared the responsibility in matters of dress should rest with mothers. She declared that if she had a daughter, she would forbid her to wear skirts of the type now prevalent. They are not decent, she said.

It would be impossible, she said, to reach the really responsible persons, those who set the styles, but girls could be prevented from following them.

Mrs. Everett W. Patterson of No. 4250 Olive street, prominent in the art section of the Wednesday Club and author of a book on art, defends the tight-fitting skirt as long as it is not carried to an extreme, and blames the laxness of women for the "foolishness" of present day fashions.

MUST ENDURE STYLES IF THEY WON'T FIGHT.

"Women must endure foolish styles because they are too lazy to fight against them," she said. "It is so much easier to let things go as they will than it is to fight for what is sensible and comfortable."

Personally, I consider the tight skirt admirable in some respects. The flowing draperies of olden days are more artistic, no doubt, but the closely fitting skirt is convenient and comfortable and much better adapted to present day needs. It is ugly only when carried to extremes. I would not express an opinion as to whether it is indecent or conducive to immorality."

DROWNS AS SHE TRIES TO FOLLOW HER FRIEND.

Isabel Dolan Perished in Breakers at Municipal Bathing Beach at Coney Island.

Isabel Dolan, a pretty sixteen-year-old stenographer, living with her widowed mother at No. 209 East Twenty-fifth street, was drowned while bathing yesterday at the Municipal bathing beach at Coney Island. The body has not been recovered.

The girl yesterday morning, accompanied by her younger sister Marie, twelve years, met by appointment at Coney Island Margaret Connors, eighteen, of Jamaica, and the three went to bathing. Margaret Connors was considered a fine swimmer. She ventured some distance and called to Isabel to follow.

The latter started out and a big breaker caught both girls. Margaret managed to take care of herself, but when she looked around her friend had disappeared. The life guards were repeatedly in an effort to find Isabel.

Mrs. Connors went to Jamaica and the little Dolan girl returned home last night about 10 o'clock. The child broke the news to the mother and the latter is prostrated. Isabel was a favorite in her neighborhood and was said to be engaged to be married.

LOSES \$2,000,000 BY MARRYING GIRL FATHER DISLIKED

Because of His "Unfortunate
Marriage" Dr. Borden
Is Disinherited.

A newly discovered codicil to the will of the late Matthew C. D. Borden, a cotton goods manufacturer, who died last May 27, cuts off his son, Dr. Matthew Borden of No. 216 West Seventy-ninth street, without a penny of the estate's principal of more than \$5,000,000. It was thought that Dr. Borden would share equally with two other brothers.

The will itself was filed for probate July 11. The codicil is dated one day later than the will, on May 2, 1894. It declares that on account of Dr. Borden's "unfortunate marriage," the property left him shall be used for the benefit of his mother and brothers "during the lifetime of my said son, Dr. Matthew Borden, to the person who is at present his wife."

It is said that Dr. Borden married a young woman who had been on the stage, and his father then settled a sum of money on him to yield him a life income. The Borden family refuses to discuss the codicil, but attorneys say that it will hold.

FLAMES SWEEP OIL PLANT, STEAMER AT DOCK BURNED.

MARCUS HOOK, Pa., July 24.—Fire at the plant of the Union Petroleum Company here early today destroyed the warehouse, barrel factory, tin factory, several oil tanks and part of the wharf of the company, and almost completely wrecked the British tank steamer Trinidadian. Several freight cars were also burned. The loss aside from that sustained by the steamer is estimated at \$200,000.

The steamer Trinidadian was so heavily loaded that she could not get out of the path of the fire, and was soon ablaze. Capt. Swank and his crew of twenty-nine men were asleep when the fire started and had barely time to escape in small boats. They were taken aboard a Pennsylvania State quarantine tug, and are in the care of citizens of the town, who furnished them with clothing.

NOW SEEKS HUSBAND SHE HAD MOURNED FOR AS DROWNED AT CONEY

Mrs. Feuer's Suspicions Arise
When She Finds Hubby's
Best Things Gone.

Having discovered that a brown suit, gold watch, revolver, overcoat and sundry other belongings were missing after she had mourned Max Feuer, her husband, as dead for several days, Mrs. Elizabeth Feuer asked the police of the Morrisania station last night to look for him. She had believed him dead because he went to Coney Island on July 14 and the next day she identified as his a blue serge suit he had worn when he left home and which had remained overnight undisturbed in one of the municipal bath houses.

After her first grief Mrs. Feuer thought it strange that all the pockets in the blue suit were empty. Her husband had given her \$20 just before he went on his outing, and carried very little money with him, but she knew that his pockets were not bare. She first made a call at a tailor's in the neighborhood, to whom he said he had taken the suit to be pressed. The tailor had seen nothing of it. Then she searched his wardrobe and failed to find the other things.

Feuer is twenty-four. He worked in Alexander's shoe store as a salesman. Mrs. Feuer learned there that he had not been seen since the Coney Island trip. He was considered steady and trustworthy in the store. Mrs. Feuer says he seemed devoted to his home. She is twenty. The couple met at Sarnap Lake three years ago and have a girl baby of fifteen months. Her home is at No. 673 Dawson street, Bronx.

EARTHQUAKE IN ECUADOR.

Heavy Shock at Guayaquil Put
People in Panic.

GUAYAQUIL, Ecuador, July 24.—The heaviest shock of earthquake felt for many years occurred here at 7 A. M. today. It caused a great panic among the inhabitants of the city, most of whom left their homes and rushed to the open squares. No material damage has been reported.

DECLARE WHITING, ROOSEVELT CHAIRMAN, OUT OF THE PARTY

Republican State Committee
Passes Resolution Placing
Him Outside Ranks.

The Jersey Republican State Committee last night held a meeting at "The Washington" at Washington place and Broad street, Newark, and passed a resolution declaring Borden D. Whiting, who was Temporary Chairman at the Roosevelt convention at Asbury Park yesterday, out of the Republican party. The committee will petition the Republican National Committee to elect former Governor Franklin Murphy Committee man from New Jersey in place of Whiting. The committee endorsed the platform adopted and the candidate named by the Republican National Convention in Chicago. Whiting succeeded Murphy as National Committee man following the May primaries. At the

Milady's Toilet Table By MME. D'VILLE.

A registered complexion makes a woman look older than she is. The easiest way to preserve or restore a girlish complexion is to lightly massage face, neck and arms with a solution made by dissolving an original package of mayonaise in a half-pint witch hazel. This prevents sunburn, tan and freckles, and keeps the skin soft, satiny and altogether lovely.

"Men always will admire beautiful hair. Washing the head leaves the hair dull and lifeless. Dry shampooing removes dirt, dandruff, and leaves the scalp clean, cool and refreshed. Mix four ounces of powdered orris root with an original package of theriac; sprinkle a little on the head, brush thoroughly through the hair—and your shampoo is done—your hair light, beautifully lustrous and easy to do up."

A simple way has been found to remove superfluous hair from the face or forehead. Make a paste by mixing powdered delatons and water and cover the hairy surface; leave it on one or two minutes, then remove and wash the skin. "Short, thin eyelashes can be made to come in long, thick and silky if pyroxin is applied to the roots with thumb and forefinger, and brushing gives them a curl. The eyebrows can be made to grow in well-formed arches by brushing with pyroxin."—Adv.

meeting of the State Committee last night all but two of the thirty-seven members were present.

Mr. Whiting had, in a measure, forestalled the action of the State Committee for addressing the Asbury Park convention he said in part: "Those of you who followed the recent primary election will recall that I was elected to the honor of choosing me to be the New Jersey member of the Republican National Committee. I deeply appreciate the confidence and I want to declare in high hope of seeing the party whose mandate from the people had been

so vigorously expressed repudiate its reactionary leadership, purge its rolls of the discredited boss and nominate for President a citizen whom the plain American people regard with an enthusiastic affection."

"Instead, I saw those very reactionary leaders, composing the majority of the National Committee, ignore the popular will; I saw them impudently and cynically reverse the command of the rank and file of the voters. And now this same majority of the National Committee, in full control of the party machinery, has the effrontery to demand that the Roosevelt members of the committee sanction their crime and

support Taft and Sherman or resign from the committee. I for one answer them that I do neither. I shall oppose their nominees. I shall submit to the committee no resignation. For I consider that I owe the controlling majority no such courtesy."

BODY FOUND IN WATER.

The body of an unidentified man found floating off Casino Beach was found early today by the captain of the tugboat Edward Cary. The body was taken to the beach and then removed to the Morgue. The dead man was about forty-five years old, about five feet eight inches tall, and weighed about 170 pounds. The hair was gray and the head partly bald.
